MEMORANDUM FOR: Director of Operations  
Chief, HTAUTOMAT

SUBJECT: Action for Completion of All Eastman Work on  
Photography Received up to 10 January 1957

At a meeting in Operations' office on the morning of 10 January 1957, representatives of the addressees agreed that the original negative from certain missions which require additional titling in order to clear out the backlog of work to be done will be handled as follows:

1. Negatives, in an order to be determined by HTAUTOMAT, will be submitted in consignments of about five missions each by HTAUTOMAT to the Director of Operations with specific instructions as to additional titling required.
2. Operations will request Eastman to carry out this work as feasible taking into account processing which may be required on new materials.
3. Operations will arrange with Eastman for transmission of negatives as completed.
